In November 2006, the yacht 'Maiken' was traveling in the South Pacific when they came across a weird sight..

... It was sand in the water, and the sand was floating ON TOP of the waves..

This is not a beach, it is floating on the water.

The trail left by the yacht..through the sand

And then this was spotted...

Ash and steam rising from the ocean...

And, while they were watching...

Can you imagine the thrill of being the first & only people to see a new island being created , seemingly from nowhere?

Mother Nature in all her amazing splendour!!! An awesome sight to behold.
